Why Should You Attend the 93rd Annual Meeting?

Austin welcomes you to enjoy a wide variety of live music, & authentic, Texas-style food.

Unusual suspects—not only all your old friends from previous meetings but also new ones from the water, ocean, coastal & ecological communities—they'll ALL be there!

Share your amazing stories of your experiences with extreme weather and climate in 2012.

Tremendous amount of weather, water, ocean and climate experts to listen and talk to—and employers that can hire you!

Indulge your inner geek: Join with other scientists & other professionals to celebrate new discoveries & advancements in their fields.

New events & opportunities for students and early career professionals...come join us!

Two-step your way into Austin & experience the city's unique character!

Expanded education effort—a Texas-sized WeatherFest, Teacher's Workshop, a Student Conference, Early Career Professional's Conference, with workshops on Aviation & Space Weather, Educational Outreach Initiatives, & Weather/Water/Climate Short Courses

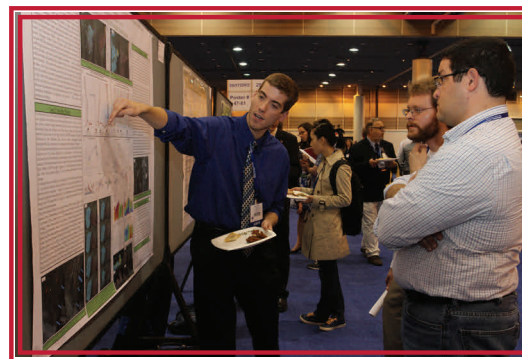

Xerophytes everywhere you look!

Advances in weather, water, ocean, coastal, ecological & climate technologies—from in-situ to satellites, through conference presentations & exhibit hall displays—will be everywhere!

Socialize with people who share your passion for observing, predicting & developing weather, water, oceanic & climate products for everywhere from the ocean to space...and everything in between!

What You can Count on...

Over 30 scientific and technological conferences being held synergistically—a cost effective and unparalleled interdisciplinary professional development event.

Networking opportunities with over 3,500 colleagues—premier event to enhance, grow and create weather, water, oceanic, climate and space competencies.

An Exciting Weekend

There will be more than 10 professional development opportunities and short courses available on Saturday and Sunday, January 5 and 6, 2013. More information can be found at annual.ametsoc.org/shortcourses

A community outreach opportunity in conjunction with Keep Austin Beautiful will be available Sunday, January 6. Visit annual.ametsoc.org/KAB for details.

WeatherFest

WeatherFest will feature more than 65 cool and interactive science exhibits with experiments, educational information, career guides, and much more from scientists and teachers from all over the nation. The mission of WeatherFest is to instill a love for math and science in children of all ages and to spark a young person's interest in this area so they may consider a career in these and other science and engineering fields.

Free of charge and open to all! Get more info at www.wxfest.org!

Interested in Presenting?

Abstract submission deadline: 1 August, 2012

An abstract fee of \$95 is charged at the time of submission (refundable only if abstract is not accepted).

Authors of accepted presentations will be notified via e-mail by late September 2012.

Theme: "Taking Predictions to the Next Level: Expanding Beyond Today's Weather, Water, and Climate Forecasting and Projections"

Visit annual.ametsoc.org/themejointsessions for a complete list of theme joint sessions open for submission.

To submit an abstract and see a complete list of all the conferences at the Annual Meeting, visit <http://annual.ametsoc.org/2013/index.cfm/call-for-papers/>

Are you a Student/Early Career Professional?

The AMS Annual Meeting has a number of interdisciplinary Earth system science activities geared toward students, young professionals and early career professionals:

12th Annual AMS Student Conference and Career Fair

5-6 January 2013

Theme: Expanding Weather, Water and Climate Prediction—Taking Geosciences to the Next Level
Registration fee: \$25 by Dec.18., \$40 after Dec. 18-Jan. 1. Online registration only.

There will be no registration after January 1, 2013. You must be an AMS Student Member to attend. Visit annual.ametsoc.org/studentconference for more details.

First Annual Conference for Early Career Professionals

6 January, 2013 from 1:00-5:00pm

This conference is aimed toward the young professional. It will include presentations on how to establish yourself in your selected field & much more. Registration fee: \$25 by Dec.18., \$40 after Dec. 18-Jan. 1. Online registration only.

There will be no registration after January 1, 2013. You must be an AMS Member or Student Member to register. Visit annual.ametsoc.org/earlycareerprofconf for more details.

Scholarships, Travel Grants, and Student Volunteering

Not sure you can afford to attend? AMS has several scholarship and volunteer opportunities for the Annual Meeting! Please keep an eye out in September at annual.ametsoc.org/students for details. Deadlines to apply will be mid-October.
