

# National Security Applications Program (NSAP/RAL)

## NSAP External wiki

This is the top level page for NSAP's external facing wiki, hosted on the CISL Confluence wiki.

Default access for NSAP's external wiki allows anonymous read access. Individual pages may be more restrictive.

Useful for wiki pages that provide access to collaborators outside of NCAR.

## NSAP Internal wiki

NSAP's internal (restricted) wiki content resides on RAL's internal Confluence wiki instance and can be found here: <https://sdg.rap.ucar.edu/confluence/display/nsap>
