- General inquiries: (LTR-developers AT hao DOT ucar DOT edu)
- Technical contact: Chris Fischer (fischer AT ucar DOT edu)
- Scientific contact: Mike Wiltberger (wiltbermj AT> ucar DOT edu)

Mailing list

News regarding the coupled LFM-TIEGCM-RCM (LTR) models is published on the [LTR-announce mailing list](#). This low-volume mailing list informs the LTR user community of minor updates and major releases of the LTR code.

Bug Tracker

The [LTR bug tracker](#) is used to track LTR development progress. Please e-mail any bug reports to Peter Schmitt (schmitt AT ucar DOT edu).
