

# 2010

## Climate and Water - Biomass Burning

---

**Topic I: Climate and Water: Advancing adaptation science and strategies for water-resource vulnerability from climate variability and change**

**Chairs: Shannon McNeeley (NCAR), Jason Gurdak (San Francisco State University)**

---

**Topic II: Biomass Burning - Observations, Modeling, Data Assimilation**

**Chairs: Ave Arellano (NCAR), Jun Wang (University of Nebraska) and Edward Hyer (Naval Research Laboratory)**

---
