

Session 6 (Wednesday, 1030 to Noon)

Fundamental Concepts for Essential Principles 5-7 (10:30 - 12:00)

Welcome online participants! We hope that you will continue your participation by picking one of the blogs for this session. You can add your comments to a blog once you have logged in using the username and password emailed to you on the 26th.

Each of the following links will lead you to one of the breakout blogs for this session:

[Breakout 6a: The atmosphere constantly interacts with other components of the Earth system.](#)

[Breakout 6b: Though measurement and the application of physical principles, humans can understand and predict the behavior of the atmosphere.](#)

[Breakout 6c: The atmosphere and humans are inextricably linked.](#)
