

# SOAS ISFS Status June 13

SOAS ISFS Status, June 13, 2013

Summary: Due to troubleshooting the 20m licor yesterday, I was unplugging serial couplers to find the licor. Doing this I unplugged all sensors at 20m. Few sensors did not return in normal status.

Sonics: ok

TRH, P: ok

Wind speed & direction: ok

Soil, Rain: Tsoil.4.4cm bad

Vmote.(rad,a,b): Radiation, Wetness: Radiation wetness not responding
