

Radiometers cleaned

Steve S&O:

Far at 11:08.

Near at 11:47.

Flr at 15:35 (just Rsw.in, with some bird doo on the north side of the dome)

TWH, Nov 5: The date(s) on this are ambiguous. I think that these cleanings occurred on October 21, based on the date of the 5th IOP.
