

# 2014-09-18

Location: FL4-2101

Agenda:

1) Eileen Carpenter and Marc Mueller from UCAR Sci Ed will discuss their experiences with the National Network for Ocean and Climate Change Interpretation (NNOCCI). For those that have already heard them talk about this experience, Eileen and Marc plan to add some new engaging activities to the program.

2) Discuss topics for the upcoming year

Topic ideas:

- UCARConnect - education and training site plus cataloging of all UCAR education & training resources for more robust stats for funders and better histograms of what we have across our programs. (TE)
- EOL's Research Review Seminar Series (TE)
- Digital analytics that help get to the "why" in data driven sites (and how this improves and grows our sites) (TE)
- SciEd will be making an offer soon on its media specialist. Hopefully she will also bring some good programs to the table. (TE)
- Possibly Bryan G. presenting about COMET system (RR)

Attended: John Ristvey, Randy Russell, Eileen Carpenter, Marc Mueller, Tim Barnes, Lisa Gardiner, Marianne Weingroff, Amy Stevermer, Bruce Muller, Julianne Blomer, John Weatherley, Alison Rockwell
