

May 22 afternoon

After the meeting, Andy and I did a zip through the valley:

- tnw07: power cycled ubiquiti (by Bluetoothing into tnw07b, ssh to tnw07t, then pio dcdc 0/1. After a minute, this was back online.
- v07: soil core
- tnw06: flip the cooler
- tnw05: soil core; flip the cooler
- rne06: soil core
- rne07: soil core
- tnw09: flip the cooler
- v04: soil core
