

Ops 1/30

The Pls and the majority of the SOS crew left Gothic in heavy snowfall conditions this morning. Antonio and I took some time to recoup and attend the ISF, EOL, and ISFS meetings. Danny wiped snow off the UW NR01 around 12:35 and dug a pit. Tomorrow Antonio and I will head out tomorrow morning for the drive home. Overall the Pls were very happy with the success of the IOP. Good job team!
