

wslope6 site visit

19 Jan: Oncley&Militzer

Purpose: take soil sample

Conditions: Still a glaze of snow everywhere, but lots of squishy mud at the surface -- 2 out of 5 on the mucky scale. (Not sure if it could be torn down even using the pick-up.)

1420: soil core main

1425: soil core aux

nail polish all mote antenna

wiped off clear-hard ice from Rsw.in; dessicants ok
