NSDL Documentation Wiki

This wiki contains documentation for the [National Science Digital Library](#) (NSDL). Geared toward contributors and developers, there is information about NSDL [metadata and collections](#) and [APIs and Software Products](#).

NSDL helps the education community to organize, manage, reuse, and disseminate digital educational content to advance Science, Technology, Engineering and Mathematics (STEM) teaching and learning.

Announcement: The operation of NSDL has been transferred to ISKME's [OER Commons](#) (effective December, 2014) - [Read the news release](#).
This documentation describes the policies, procedures, and services that existed while NSDL was operated by UCAR.
