

# GLOBE Teacher for the State of Wyoming

## GLOBE Teachers in Wyoming

### Description:

Involve the network of GLOBE teachers in Wyoming to teach students about the new facility and supercomputing.

### Benefits:

Share information about the DC and climate change research.

### UCAR/NCAR's role:

Make the supercomputing center apart of the teacher training in GLOBE.

### External roles:

Agreement with GLOBE teachers.

### Time frame:

Start teacher training before the center is completed.

### Life Span:

As long as there is interest.

### Research Conducted:

Research GLOBE program and contacts in Wyoming.
